

Cape Cod Flush Wood Plus Cheat Sheet

The Cape Cod Flush Wood Plus has several unique features and characteristics that require special attention during installation and set-up. Refer to the owner's manual for full details.

- **This insert is shipped with cast iron surround panels**
This insert is shipped with cast iron panels – no additional panels are needed. Make sure to accommodate the surround panel size when installing this insert – no additional steel panels are available to increase surround panel size.

	Width	Height
Stock Cast Iron Panels	41-3/4"	30-3/4"

- **This insert works in zero-clearance (metal fireplaces)** Unlike the Flush Wood, this fireplace insert works in zero-clearance fireplaces. See the manual for details on installation.
- **No face needed with this insert**
The cast iron breastplate and lower grill are included with this insert.
- **This insert uses a single door for easier, one-handed, operation**
New door design simplifies loading and allows for quicker firebox access.
- **Insert has a smaller depth (17-3/4" vs. 20-1/2") than the Flush Wood**
This insert has been revised to allow for installation in more fireplaces. See the manual for complete details.
- **Ash Guard**

The included ash guard prevents ash from exiting the door opening. It is shipped detached to prevent damage during shipping.

Install the ash guard as shown below.

Note how the horizontal tab fits in front of the door opening.
